PROFESSIONAL SUMMARY

Gameplay Programmer specializing in C++ development in Unreal Engine 5 and Unity. Experienced building core gameplay systems, player mechanics, and puzzle logic through collaborative game projects at Full Sail University. Graduating October 2026, seeking an internship to contribute to a production team.

SKILLS

- Teambuilding
- Communication
- Problem Solving, Bug fixing
- Programming Logic
- C++, Visual Studio
- Unity, Unreal Engine 5

EXPERIENCE

"Smuggler's Hold" Puzzle Game- Gameplay Programmer, Full Sail University June 2026 - July 2026

- Utilized data driven code and data-oriented design in C++ to create a puzzle game based on "Dr. Mario".
- Engaged in project management, teamworking and constant communication with teams of developers to build it, utilizing Discord, Trello, Jira, Confluence and Github/Github Desktop.
- Built logic for puzzle and core gameplay mechanics employing colliders and arrays in a 3D and 2.5D environment.
- Wrote Puzzle pieces to score when connecting 4 of same color (vertically or horizontally), player may rotate pieces freely and move around as pieces fall each second.
- Ran Development Sprints, with planning, programming, QA and bug fixing stages in Jira.

"Terminate" First Person Shooter- Gameplay Programmer (Weapons and Player Character), Full Sail University September 2024 - October 2024

- Made in Unity with C++, Programmed player character and camera, player weapons and functionality.
- Developed 5 different weapon types, with accessible variables for Game Designers to test.
- Applied Animations to Player, Weapon and HUD effects such as muzzle flash, or health bar indicators and audio effects for weapon firing or receiving damage for player feedback.
- Ran Development Sprints, with planning, programming, QA and bug fixing stages in Jira.

"Conway's Game of Life" Project- Logic Programming, Full Sail University December 2023 - January 2024

- Begun developing solo programming, research and bug fixing skills for C++ and Visual Studio, First portfolio project created.

EDUCATION

Bachelor of Science in Game Development (B.S.)- Full Sail University, Winter Park, FL October 2026

- Graduating in October, 2026.
